CITY SHADE TREES

Serious Proposition Confronts the
People—Vanguard To Look After
Spraying—Short Session of
Council.

At the meeting of the City Council held last evening a contract was made with the Rochester Bridge Co. for a Kreodone block floor for the Brownlee bridge, at an additional cost of \$490.00 over the contract with the county. The driveway floor is to be of three inch Kreodone plank and three inch Kreodone block, while the floors for the sidewalks are to be constructed of two inch Kreodone plank. This floor although costing more to make is guaranteed by the company to last for twenty years and this will surely be a paying proposition over the old plank floors, which need extensive repairs yearly or sometimes more often.

The serious proposition of spraying the trees of the city to destroy the maple scale, which is killing a number of trees and affecting nearly all of them in the city, was before the council. Mr. Vandilder was appointed to investigate the matter of the cost of spraying. An estimate of a dollar a tree was thought to be prohibitive so far as the council is concerned, for three are perhaps over 3000 trees in the city. An effort will be made to interest property owners in the matter and see if something can be done to save the tree. The city will be canvassed, as soon as the cost of spraying is known, to see whether the tree owners are willing to pay for the work. Mr. Geo. E. Nisley, here from Lafayette estimates the cost at about one dollar a tree, but others think it should not be so much.

The council also wishes to encourage the planting of hard maples and discourage the planting of soft maples, which are more easily affected by insects.

The most important matter done was the appointment of the council committees by Mayor Bowell. They are as follows:

Accounts and Stationery—Van Gilder, Underwood, Bergman.
Finance—McCrory, Farmwald, Van Gilder.
Auditing—Bergman, McCrory, Farmwald.
Ordinance and Police—Farmwald, Underwood, Bergman.
Water-works—Underwood, Van Gilder, Bergman.
Sewers and Drains—Bergman, McCrory, Farmwald.
Streets, Alleys and Telephones—Van Gilder, Bergman, McCrory.
Electric Lights—Underwood, Bergman, Farmwald.
Fire Department—Farmwald, Bergman, Underwood.

SATURDAY CLUB.

Interesting Meeting Enjoys Study of
Prof. Wm. James—Next Meet-
ing a Special.

The last meeting of the Saturday Club was held at the home of Mrs. A. R. Underwood. It was well attended and the program was very interesting. Mrs. Blain and Mrs. Sult led in a study of Prof. Wm. James.

The club made arrangements to take charge of the Reading to be given here November 7th, probably in the Methodist church. Miss Cora Mel Patten will give Maeterlinck's "Blue Bird." Those who heard her in "The Servant in the House" two years ago will know that a treat is in store for them. Miss Patten is an impersonator of high merit.

COMMERCIAL CLUB TO CITIZENS

The COMMERCIAL CLUB, thru its secretary, wishes to express its high appreciation and hearty thanks to all those who so liberally assisted to make the signal success of Plymouth's first annual Home Coming and Fall Festival. Thanks are due to all who donated so liberally in cash, to those who gave their time and energy, to those who by word and deed interested themselves in its success; and especially to the many farmers who made exhibits of their products of the soil and their fine horses. The merchants and other industries who went to the great expense of time and money to make the Industrial parade such a success are deserving of our especial appreciation.

The Festival was a success throughout beyond the expectation of anyone, and the club is glad to know that it was so satisfactory to all who attended. It was without doubt the biggest thing of this nature Plymouth has ever had. Work has already begun on the second Fall Festival, which we intend and expect will be much superior in many ways to the one had last month.

Dredge Passes L. E. & W. Bridge.

The dredge which passed under the Michigan street bridge during hom coming week passed under the Lake Erie bridge Sunday. The railroad company had a bridge gang here from Peru to take up the tracks. Work was commenced at about 6 a.m. and the dredge had passed through, and the track replaced and ready for traffic by about 3 o'clock in the afternoon. This is the last of the many bridges under which they were to pass and work will again be resumed by them as soon as possible.

Loren Salt who was injured last Saturday afternoon by being thrown from a horse, is still unable to get about. The boy was turning a corner on theaving near the Jacob residence when the horse felt pinning the boy beneath him. Although no bones were broken the boy was painfully bruised, and is surely looking for a good deal.

DELMARTAR IS COMING HERE FOR REVIVAL

NOTED SUNDAY SCHOOL WORK-
ER HAS BEEN SECURED FOR
UNION SERVICES OF PLYM-
OUTH CHURCHES.

MEETINGS BEGIN OCT. 22

Great Union Chorus of Singers Led
By Delmartar Will Be
Feature of the
Work.

Prof. J. E. Delmartar of Chicago will lead the singing during the Union Revival meeting which commences here October 22.

The music committee are to be congratulated that they were able to secure this talented and popular leader and singer. He will take charge of the great union chorus, and his solos will be one of the great features of the meeting.

Prof. Delmartar will need no introduction to the people of Plymouth as he has repeatedly had charge of the music for the county Sunday school conventions and has had no small part in popularizing these conventions.

His many friends here will rejoice to hear of his coming. Arrangements for the revival are being pushed rapidly forward and the various committees are hard at work, planning that the revival may be the most successful in the history of the county.

The night services will be held in the Methodist church, as it furnishes the largest available auditorium. Next Sunday afternoon there will be a meeting of the workers of all the co-operating churches at the Methodist church at 3 o'clock to complete arrangements.

Next week will be observed as a week of prayer. Six meetings will be held in as many different places. These prayer meetings will be conducted as follows:

Monday, Oct. 16 in United Brethren church, C. G. Baker, leader.
Tuesday, Oct. 17, Wesleyan church W. C. Logan, leader.
Wednesday, Oct. 18, Reform church, F. O. Fraley, leader.
Thursday, Oct. 19, Christian church, J. C. Smith, leader.
Friday, Oct. 20, Presbyterian church, S. A. Mow, leader.
Saturday, Oct. 21, Methodist church, S. H. Yager, leader.

The meetings will open promptly at 7:30. Everyone who comes will be most cordially welcomed.

Record of the Bloody N-nth.

The Ninth Indiana Volunteer Infantry was first organized as a three months' regiment and was mustered in April 25, 1861, with Robert H. Milroy as colonel. It was the first regiment to cross the Ohio river into West Virginia. It took part in the battles of Philippi and Laurel Hill, when the regiment lost the first man killed in battle in the war. The regiment also fought in the battles of Carrick's Ford, where Garnett, a rebel, was killed.

The regiment returned, with the close of the three months' service, but was immediately reorganized for three years. It was mustered in September 5, 1861, under Colonel Milroy. The regiment was sent to West Virginia for the second time and was in the battle of Green Brier and Alleghany Mountain, where General Lee was commander of the rebel forces.

In the spring of 1862 the regiment was sent to Nashville, Tenn., and was assigned to the Army of the Ohio and later to the Army of the Cumberland in General Nelson's division, and was in the second day battle of Shiloh. The regiment was once publicly complimented by General Nelson for gallantry and was given especial mention in the report of the battle. Later General Nelson presented the regiment a splendid flag to show its esteem of the brave and gallant service of the soldiers under fire.

After the battle at Shiloh the regiment was with the balance of the army. The greater part of the summer of 1862 was spent in marching and skirmishing with Bragg's army. Finally at Stone River the southern forces were met, and the regiment performed its greatest services in that battle. It was the only regiment in the army that did not yield its line during the day, holding the field that night.

The next great battle in which the regiment took part was at Chickamauga, September 19 and 20, 1862.

the Ninth Indiana receiving the credit of firing the last volley on the field. The regiment went with General Sherman to Atlanta, and was under fire during the one hundred days' campaign.

After serving four years and seven months the regiment was mustered out. Following is a list of battles in which the Ninth Indiana took part: Philippi, Laurel Hill, Carrick's Ford, Green Brier, Alleghany, Shiloh, siege of Corinth, Danville, Perryville, Stone River, Woodbury, Chickamauga, Lookout Mountain, Missionary Ridge, Tunnel Hill, Buzzard Roost, Rockyface, Resaca, Adairsville, Cassville, New Hope Church, Pickett's Mill, Pine Mountain, Kennesaw, Marietta, Smyrna, Chattanooga, Peach Tree Creek, siege of Atlanta, Jonesboro, Lovejoy Station, Columbia, Franklin and Nashville.—Laporte Herald.

JUDGMENT FOR YORK.

Jury In Contested Case Says Horse
Sold To Butcher Was
All Right.

The jury in the noted horse case of Paul Butcher against Simon York agreed on a verdict Monday at eight o'clock. The bell was rung and Judge Bernetha came up to receive their decision.

They said the horse sold by York to Butcher was a good horse, and that York made no misrepresentations to Butcher as to the condition of the horse. Butcher claimed the horse was not good and asked for \$100 damages.

Tuesday the quiet title case of Wm. Weiser and others against Minnie Bell Kessler and others is being tried, to decide the ownership of some lots and buildings in Indiana Harbor, which the late Sim Lewellen had owned and deeded to Minnie Kessler but which Dr. Weiser claims were given to him.

Ormond E. Swinehart was appointed official stenographer for the remainder of the term. Calvin Pifers of Rochester had done the work up to this time.

Lucey Fortune was divorced from Francis M. Fortune.

Mortiz Selbman was given naturalization papers.

The sheriff reported to the court that he had destroyed the liquors and vessels taken in the Hanes and Shipley blind tiger cases recently decided.

Roy Mellet had his title quieted as against John Kuntz.

Wm. E. Dille and Franklin Gantz were drawn as jurors to fill vacancies left by Chas. Romig and Geo. W. Huff, who were excused on account of sickness in the family.

SETTING POSTS FOR NEW STREET LIGHTS

Work began Tuesday setting the posts for the new tungsten lamps in front of the residences on north Michigan street. A. R. Clizbe has charge of the work. He has made the posts from patterns of his own and they are much cheaper than the Mishawaka post. The difference in fact, he says, is so much that the whole equipment, post, wiring lamps and all will not cost as much as the post alone from Mishawaka. The holes are all dug for the posts, the posts are ready and will soon be set. The lamps have been ordered from Chicago. Soon north Michigan street from Jackson to Madison will be splendidly lighted with tungsten lamps. When these are up the two are lamps which now feebly light this section, will be taken down.

Throws Heavy Brake Shoe.

The test train which passed thru here west bound at about 10:15 Tuesday threw a brake shoe at the crossing. The shoe tipped the scales at even 30 pounds, and was thrown fully 90 feet, alighting outside the right-of-way. The shoe alighted without doing any damage.

CHARLOTTE PERKINS GILMAN

History of Noted Woman Who Is To
Lecture Before the Civic Club
Monday Night.

The Civic Club has arranged to have a parlor lecture by Mrs. Charlotte Perkins Gilman for their next meeting at the Hamrichson home. That more may be known of this noted woman, the following sketch is given:

Charlotte Perkins Gilman has been a marked figure in the field of social progress and reform since 1890 when her famous evolutionary poem, "Similar Cases," attracted attention throughout the reading world. When her first book, a volume of verse, "In This Our World," appeared in 1899, she had already won a reputation as lecturer and magazine writer; and the publication of "Women and Economics" later in the same year, placed her definitely as one of the leaders of modern thought along sociological and economic lines. This work is today used as a text-book in many schools and colleges, and has been translated into German, Dutch, Italian, Russian, Hungarian and Japanese. Other books followed in rapid succession, "Concerning Children," "The Home," and "Human Work;" and at the International Congress of Women in London, in 1899, and again in Berlin in 1904, she was one of the most prominent speakers on a program embracing the names of some of the most famous women of the world. In 1905 she was again called abroad and spoke in many of the leading cities of Europe to large and enthusiastic audiences.

In 1909, Mrs. Gilman entered upon the production of a monthly magazine, written, edited and published wholly by herself. This publication, which is called The Forerunner, is now in its second year and has apparently won for itself an assured place among periodical publications.

Temple Theatre.

The theatre recently purchased by Chas. Glauk from the Balfour Amusement Company is being thoroughly overhauled, and was opened Wednesday night. Mr. Glauk has placed a new machine, and a new curtain in the room, and states that he will run three reels of high grade pictures every evening. Mr. Glauk is well known here having lived here for a long time, and we certainly wish him success in his undertaking. He will call the new theatre the "Temple Theatre."
